MOODY CAUSES SENSATION

The "Roosevelt" Letter Labeled Incorrect

IN BEEF TRUST CASES

The Packers Used It in Claim to Immunity—Attorney General's Words Create a Scene in the Court.

Chicago, Feb. 7.—Attorney General Moody has a witness in the beef trust case to prevent the suggested issuance of a "subpoena duces tecum" against President Roosevelt, or in other words a summons to the president to appear and testify in relation to the letter.

The packers' lawyers wished to introduce in evidence the original of a letter written by the president to Moody during the investigation by United States Commissioner Garfield.

When court convened Attorney Miller, counsel for Armour, said the packers wished to have the letter included in the evidence. He said:

"We ask Moody to produce the original of this letter.

"It is the rule, I believe, for the president to produce originals of documents when they are desired as evidence. The proper process would be a subpoena duces tecum, but we will not ask that. We request Moody to produce the letter. He is in court and no doubt can comply with the demand."

The attorney general, who sat by United States District Attorney Morrison rose and took his first active part in the court proceedings.

"That document has passed beyond my control," said Moody. "If a paper treating of a scientific subject has any relevancy here, no doubt it will be proper to introduce it. The document was made under my supervision and the copy may be introduced."

After reading the printed copy of the letter Moody withdrew his consent to its introduction. He said it contained errors. This was objected to as a statement made in the presence of the jury "for effect."

The attorney general thereupon withdrew the statement.

It was agreed that Mr. Moody might be called to the stand later if desired to testify concerning the letter. Cross examination of Charles M. MacFarland, manager for the Morris concern, was resumed.

A Fortunate and Grateful Woman.

Mrs. J. H. Giles of Everett, Pa., says: "I suffered for many years from kidney and gravel trouble. The pains from the gravel were simply awful. No physician or medicine at home did me any good. I finally began using Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y. A few words tell the result. I am a happy and perfectly well woman once more." Sold in Barre by E. A. Brown.

CRUSHED UNDER LOAD OF LOGS ON MOUNTAIN SIDE

Bristol Woodchopper Was Killed in a Very Peculiar Manner at Huntington Yesterday Morning.

Bristol, Feb. 7.—An unusual accident occurred yesterday in the death of William Sherman of Bristol at Huntington. Sherman, who had been chopping in the woods, was coming down the side of a mountain with a load of logs. Owing to the roughness of the wood road, the entire load was upset. Sherman was caught under the logs, and when fellow woodmen had cleared away the timber, they found the man dead.

VOTE ON RATE BILL THURSDAY

Debate Will Close This Afternoon.

RAILROADS ARE ACCUSED

Charges Are Renewed by Mr. Gillespie—He Declares That an Investigation Will Show Conspiracy.

Washington, Feb. 7.—When the House met yesterday and before going into committee of the whole to discuss the Hepburn railroad rate bill, it was agreed that the general debate on the bill shall close at 4:30 p. m. today. The bill will then be read by section for amendments and discussed under the fifty-minute rule. A vote may be reached late tomorrow.

Mr. Burnett, Democrat of Alabama, the first speaker yesterday, favored the bill.

The Senate reconsidered the vote by which two bills, providing for a corps of dental surgeons in the army, and to increase the efficiency of the medical corps, were passed. They went to the calendar.

The Tillman resolution, directing the committee on immigration to inquire into the Chinese boycott and to report what remedies it deemed advisable to remove the cause of Chinese hostility, was favorably reported by the committee on contingent expenses and agreed to without objection.

INSULT, SAYS GILLESPIE.

President's Answer Regarding Pennsylvania Railroad Denounced.

Washington, Feb. 7.—Mr. Gillespie of Texas, author of the resolution regarding the alleged Pennsylvania railroad combination, answered Monday by the president, declared on the floor of the House yesterday that that answer was an insult; that with the great machinery at hand a complete investigation of actual conditions should have been made.

He said such an investigation would show that the railroad carrying bituminous coal to the Atlantic ports are the Pennsylvania, New York Central, Baltimore & Ohio, Chesapeake & Ohio, Norfolk & Western and the Reading. He asserted that an investigation would show there had been an allotment to each coal carrying road of a certain territory to prevent competition.

Mr. Gillespie has prepared a resolution, which he will introduce, requesting the president to direct the interstate commerce commission to make an immediate investigation of all these charges.

Declaring the rate bill supremely Democratic and only adopted by the Republicans because the president had forced it, Mr. Stanley of Kentucky replied:

"I have never been one of those who have gone into hysterics over the president, and shall not do it now. He is a fairly honest man and a good judge of human nature, and that is why he has stood sponsor for Democratic doctrine."

"He has forced it down your throats. He is your acknowledged master, and no matter how numerous the dose, when he shows his teeth and cracks his whip you squirm and cower and dare not resist him."

MILDER ENFORCEMENT OF CHINESE EXCLUSION

The Use of the Bertillon System, and Also Other Objectionable Rules, Has Been Dropped by Immigration Officials.

Washington, D. C., Feb. 7.—New regulations for the enforcement of the Chinese exclusion law were Monday adopted by Secretary McCall of the department of commerce and labor. Their aim is to pacify the Chinese, whose resentment against the rigorous enforcement of the law was primarily the cause of the boycott of American goods in China.

The use of the Bertillon system of identification, which was very objectionable to the Chinese, is discontinued.

Chinese who have been denied admission to the country may appeal to the secretary, in the Chinese tongue, and the

RUN DOWN AND NERVOUS.

Vinol Restored the Health of Miss Blair, President of Sophomore Club.

Mr. Wells of Rickert & Wells, our local druggists, says: "Many people right here in Barre are just in Miss Blair's condition, all run down, hardly able to drag about, don't know what ails them."

"This condition is probably caused by a cold or cough which is hard to cure, overwork, or too close confinement to the city."

business. Such people need Vinol. We guarantee that it will cure them and build them up or return money wherever it fails, and the following letter is only one of many showing what Vinol will do.

"Miss Rose Blair, president Sophomore club, Kansas City, Mo., writes: 'Last spring I was all run down, nervous and irritable. I lost my appetite and could not sleep. I tried many medicines without any benefit. Your cod liver oil preparation, Vinol, was recommended, and it certainly worked wonders for me. It was delicious to take and not at all like the greasy cod liver oil and emulsions I was used to. Vinol gave me a hearty appetite and restored me to perfect health and strength. I consider Vinol a wonderful remedy.'

"Vinol cures conditions like this because it contains every one of the curative elements found in cod liver oil without a drop of the useless oil to upset the stomach and retard its work, and it strengthens every organ of the body."

"We ask every run-down, nervous, debilitated, aged or weak person in Barre, and every person suffering from stomach troubles, hanging on coughs or bronchial troubles to try Vinol on our guarantee to return money if it fails." Rickert & Wells, Druggists.

"PORK BARREL" LABELLED PUBLIC BUILDING BILL

Absence of River and Harbor Measure This Session Leads Congressmen to Take New Step.

Washington, D. C., Feb. 7.—Senator Allison and Representative Tawney, the chairman of the Senate and House committees on appropriations, had a conference with President Roosevelt Monday. It has been decided that there shall be a generous slice of pork at this session in the form of an omnibus public building bill, although the total amount carried by the bill will not be as large as in some other Congresses.

It is frankly admitted that the House leaders are under certain specific obligations for the passage of the statehood bill, and as there is to be no river and harbor bill, many members are demanding a generous allowance for public buildings.

Two More Middle Out.

Washington, Feb. 7.—Two more midshipmen of the third class were dismissed from the Naval Academy yesterday as the result of the court-martial findings on charges of hazing. Melvin, of the Fifteenth Illinois District.

Smoot Hearing Adjourned.

Washington, Feb. 7.—The resumption of the hearings in the case of Senator Smoot by the Senate committee on privileges and elections, which was to have begun yesterday, was postponed until 10 o'clock today. It was found at the last moment that many members of the committee had engagements.

OUST CHIEFS WHO OPPOSED

A Strike at the Indianapolis Conference Of

MINE OWNERS & WORKERS

The Sentiment of the Delegates at Pittsburgh Is Strongly in Favor of a General Strike for Increased Wages.

Pittsburgh, Feb. 7.—President Dolan and Vice President Bellingham were ousted from office yesterday by a unanimous vote of the delegates at the seventh annual convention of District No. 5, United Mine Workers of America, for their action at the Indianapolis conference, in which they voted with the operators and against the mine workers. In addition to the vote against these officers, the sentiment of the convention was strongly in favor of a general strike for an advance in the wage scale.

President Dolan declares that he will not vacate his office, saying that the action of the delegates yesterday afternoon is clearly unconstitutional. The convention adjourned until 9 o'clock this morning.

MAKING READY FOR STRIKE.

Carnegie Steel Company Already Stocking Its Yards With Coal.

Pittsburgh, Pa., Feb. 7.—Fearing that a strike among the coal miners may occur, the Carnegie Steel company is stocking its yards with coal. Thousands of tons of coal are being received at the South Sharon plant of the company daily, and it is the expectation of the company to get a supply on hand that will keep the works going two months, if a strike should be precipitated. Other plants, as well as the railroads, are taking similar precautions.

The Pennsylvania, Baltimore & Ohio and other lines at Pittsburgh are among the roads which fear the outcome of a coal strike, and it is admitted in the operating departments of the Pennsylvania and Baltimore & Ohio, that a strike of the coal miners would in a few weeks seriously impede the handling of the vast freight-traffic which is now being hauled by all the railroads.

MAY ASK ROOSEVELT TO MEDIATE.

May Be Called Upon to Use Influence to Avert Coal Strike.

New York, Feb. 7.—President Roosevelt will doubtless be called upon in a few days to use his influence in averting a general strike of anthracite and bituminous coal miners. Opinions of leaders at the mines and operators in this city indicate that without the interposition of some potent influence outside of the conflicting interests, a strike of greater proportions than has ever before been known in this country is inevitable.

BOSTON BANK DECEASED?

An Issue of \$30,000 in Bogus Drafts Is Alleged.

New York, Feb. 7.—The alleged issue of \$30,000 worth of bogus drafts on the Hanover bank of Boston, will be investigated in connection with the arrest yesterday of William Leary of this city. Leary was charged with the larceny of \$975 worth of diamonds from a Manhattan diamond dealer, who told the police that Leary paid him for the gems with a \$1,000 draft on the Hanover bank of Boston. This draft, the dealer charged, was returned to him by the bank as worthless. The prisoner is alleged to have made a confession to the police yesterday that he has issued thirty of these bogus drafts each having a face value of \$1,000. The police say that other complaints from business men who have accepted this worthless paper will soon be made against Leary. He was formerly a Wall street broker.

In the Tombs prison, yesterday, Leary declared that he was an innocent victim of the promoters of the alleged swindle, and that he did not realize its extent and meaning. He said that he was merely employed to dispose of the certificates of deposit (not drafts as stated heretofore) on the Hanover bank, which he supposed to be genuine. He sold them to jewelers, mostly exchanging them, part for jewelry and part for cash. He says he turned the jewelry over to a man whom he knew only as Colonel Burgess, who turned the jewelry into cash. He said that when he is arraigned in court he will be able to show that he was an innocent factor in the scheme.

GOVERNMENT RESTS CASE.

Close Testimony in the Milwaukee Rebate Case.

Milwaukee, Wis., Feb. 7.—The government's testimony in the rebate prosecution was closed Monday after a cross examination of Emmanuel L. Philipp, president of the Union Refrigerator Transit company by counsel for the Pabst Brewing company. Mr. Philipp testified that the receipts of his company from Sept. 1, 1903, to Dec. 1, 1905, amounted to \$217,927. He further declared he had held conferences with Frederick Pabst, president of the Milwaukee Refrigerator Transit company, in regard to the business profits, and that Mr. Pabst had declared himself satisfied. It is thought the defense will present its side of the now famous suit towards the end of the week.

Alarm Over Senator Pettus.

Washington, Feb. 7.—Senator Pettus of Alabama had an attack of illness in the Democratic cloak room early yesterday, but soon recovered and took his seat in the Senate chamber. Senator Gillinger, who is a physician, was called to see him by senators who thought Mr. Pettus was in a serious condition. The Alabama senator is eighty-four years old.

BEFORE AND AFTER

THOS. J. BROOKS

USING
Rexall
"93"
Hair Tonic

THOS. J. BROOKS

LOUISVILLE, Ky., May 24, 1905.

Gentlemen:

Allow me to say a word endorsing the remarkable merits of your Rexall "93" Hair Tonic.

My attention was called to this remedy by one of your clerks, who guaranteed beyond question it would stop my hair falling out, and also put my scalp in healthy condition for new hair.

I hand you photograph before starting to use it, which shows me to be nearly bald. After using two bottles I saw decided improvement, so continued its use. I have used seven 50-

cent bottles, and have a heavier suit of hair than I ever had in my life.

I also enclose photograph taken a few weeks ago, showing the wonderful results in a short time.

I take great pleasure in making this statement to you, gentlemen, endorsing your great Rexall "93" Hair Tonic, and will answer promptly all inquiries regarding it.

I am at present special agent of the Western and Southern Insurance Company, 21-22 Courier-Journal Office Building, this city.

Very respectfully,

Thos. J. Brooks

This is a remarkable case—an exception to the rule. We do not promise that "93" will grow hair on every bald head—but we do guarantee, because we know, that it will stop falling hair, cure dandruff, and give satisfaction to anyone needing a hair dressing. If it doesn't, bring back the bottle, and we'll refund the 50 cents you pay for it.

FAREWELL AUDIENCE.

Pope Will Adopt Suggestions of Bishop O'Connell.

Rome, Feb. 7.—The pope yesterday received in farewell audience the Rt. Rev. W. H. O'Connell, the recently appointed coadjutor to the archbishop of Boston, and formerly bishop of Portland, Me. The pontiff said that the bishop's report of his mission to Japan, which country he visited last year with the rank of assistant to the pontifical throne, was now being carefully studied, and as a result several important measures would be adopted with the view of spreading Catholicism in the far east.

SAD SLOCUM HEARING.

Twenty-eight Survivors Appear Before Congress Committee.

Washington, Feb. 7.—Twenty-eight survivors of the Slocum disaster told of the horrors of that catastrophe before the House claims committee yesterday in a hearing on the Sulzer bill for the relief of the Slocum survivors. The bill is intended to permit claimants for damages to submit their cases to the court of claims.

There were pathetic scenes in the committee rooms when widows in deep mourning sobbed at the portrayal of scenes of the disaster and even men shed tears. Two little boys, William Eli and Ernest Addicks, who were terribly burned and whose wounds were healed by skin grafting, were among those at the hearing.

Among those that spoke were Representative Sulzer, Charles Dersh, president of the organization of Slocum survivors; F. W. Hotz, secretary; the Rev. Henry Peterson, pastor of the Lutheran church at Middle Village, L. I.; the Rev. Henry F. Miller, Boardman Wright and Samuel Grossman, attorney.

PRESIDENT ON HAZING.

Thinks Dismissal of Every Offender Is Unjust.

Washington, Feb. 7.—The President made public yesterday a copy of a letter which he addressed on Feb. 1 to the chairman of the House and Senate committees on Naval Affairs on the subject of hazing at the United States Naval Academy. He says that the provisions of law which prescribe only the maximum penalty for hazing seem to him "neither just nor judicious."
